

## *Weight Sensor*

**TTS series**

Slim, high-precision sensor. Suitable for monitoring the level of bottles, tanks, or cylinders. Thin and High-Accuracy Type. For bottles tanks and gas-cylinder measurement.

**STS series**

STS series are Low Cost Type. Thin and High-Accuracy Type. For bottles tanks and gas-cylinder measurement.

**LTS series**

Ideal for precision measurements. High-Accuracy (less than 0,02%)

**TGB series**
