

# Indicator and Amplifier

**MX-11 series**

Low-cost, ultra-compact unit with voltage/current output capability.

**MX-22 series**

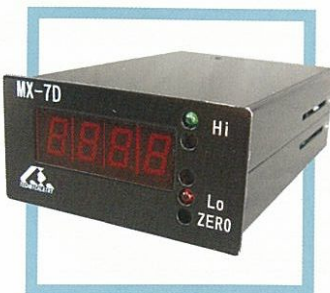

**MX-8800 series**

Best-of-class high-precision, multi-function unit, with RS-232C and RS-485 communication connectivity and voltage/current output.

**AA-01**

Low-cost unit with 2-point limiter function, analog amp

**MX-7D series**

Low-cost, compact, all-purpose unit

**MX-77VII series**

Compact, multi-function unit with voltage/current output capability.

**MX-7500 series**

Multi-function, high-precision unit with BCD output and RS-232C communication connectivity.
